

AUTOMATABLE
APPLICATION-ORIENTED
PROCESS-RELIABLE AND SPACE-SAVING
ERGONOMIC
HIGH-PERFORMANCE
PRECISE
VERSATILE
VERTICAL

WIR SIND DA.

Clearly: With our vertical ALLROUNDER V and T machine series, the requirement is for versatility in practice. For this purpose, they must offer high-performance, process-reliable and precise operation. But above all, they must be one thing: ergonomic. So that the cooperation between human and machine functions problem-free.
