

# Hybrid ALLROUNDER 520 H

Packaging technology

Part weight: 4.7 g

Number of cavities: 1

Cycle time: 3.7 s

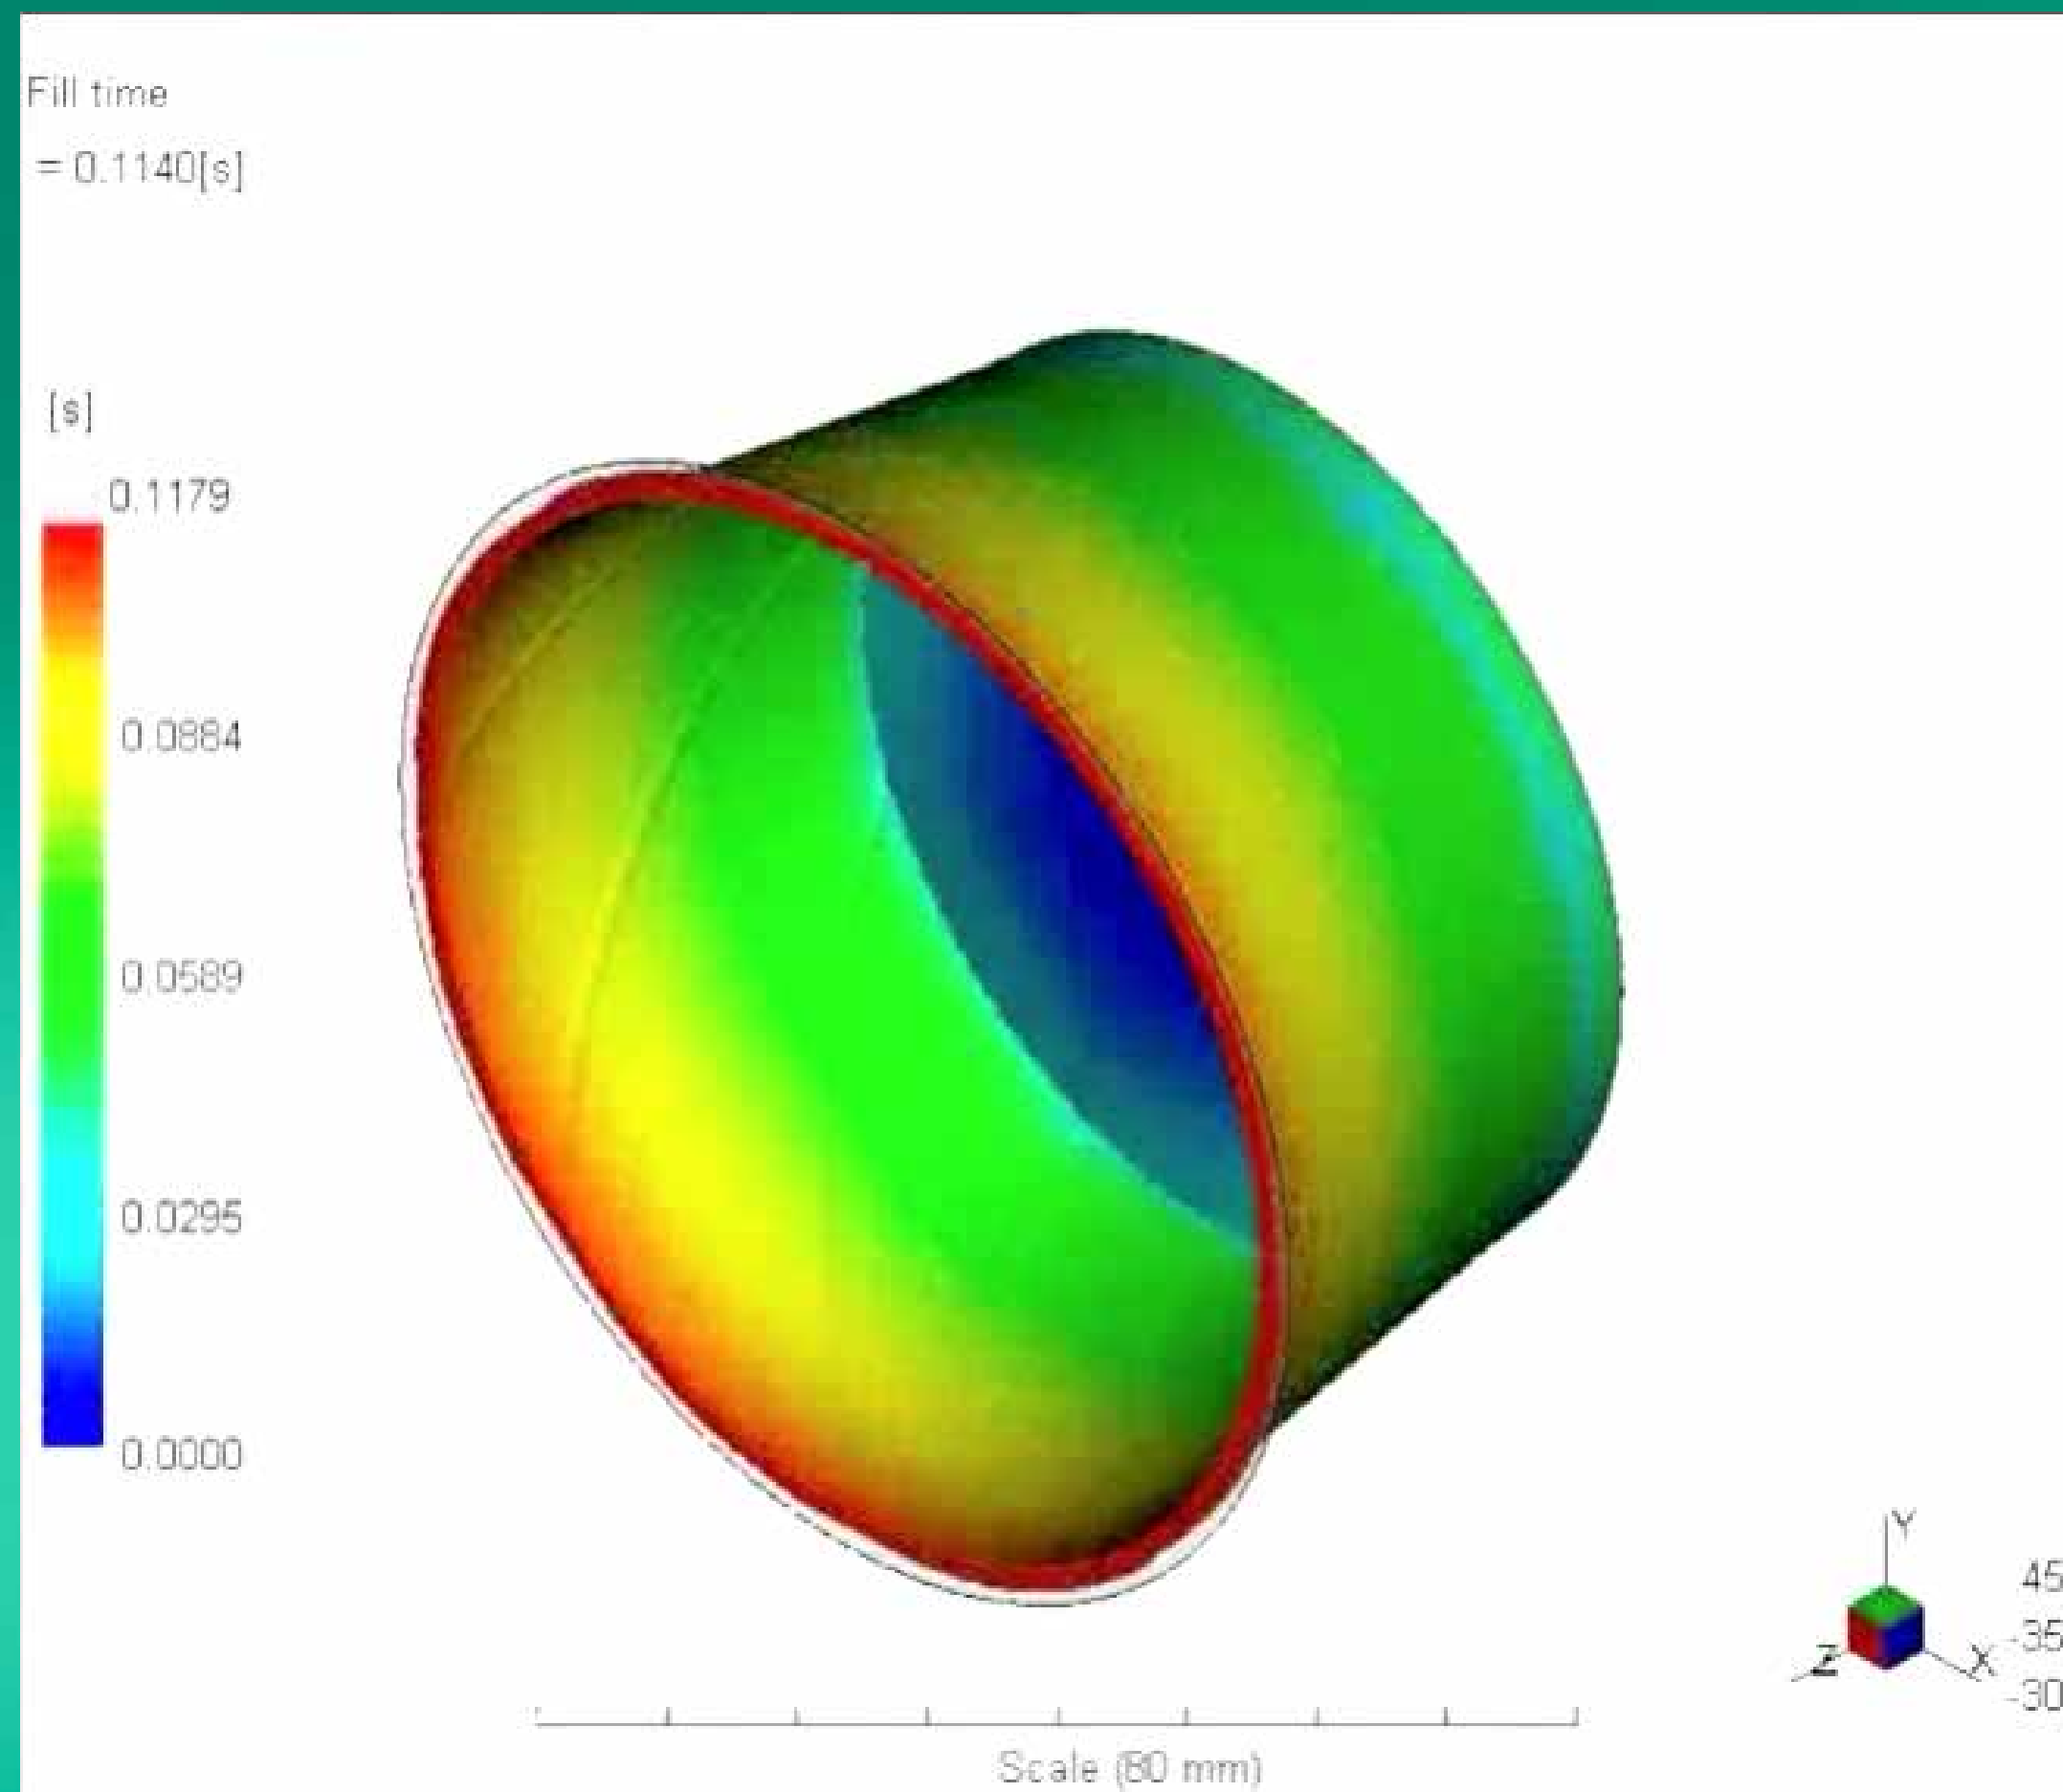

Material: PP Total PPC 13442

Application: Yoghurt tub

# Hybrid ALLROUNDER 520 H

SKET<sup>®</sup> – patented spiral-shaped flow aids

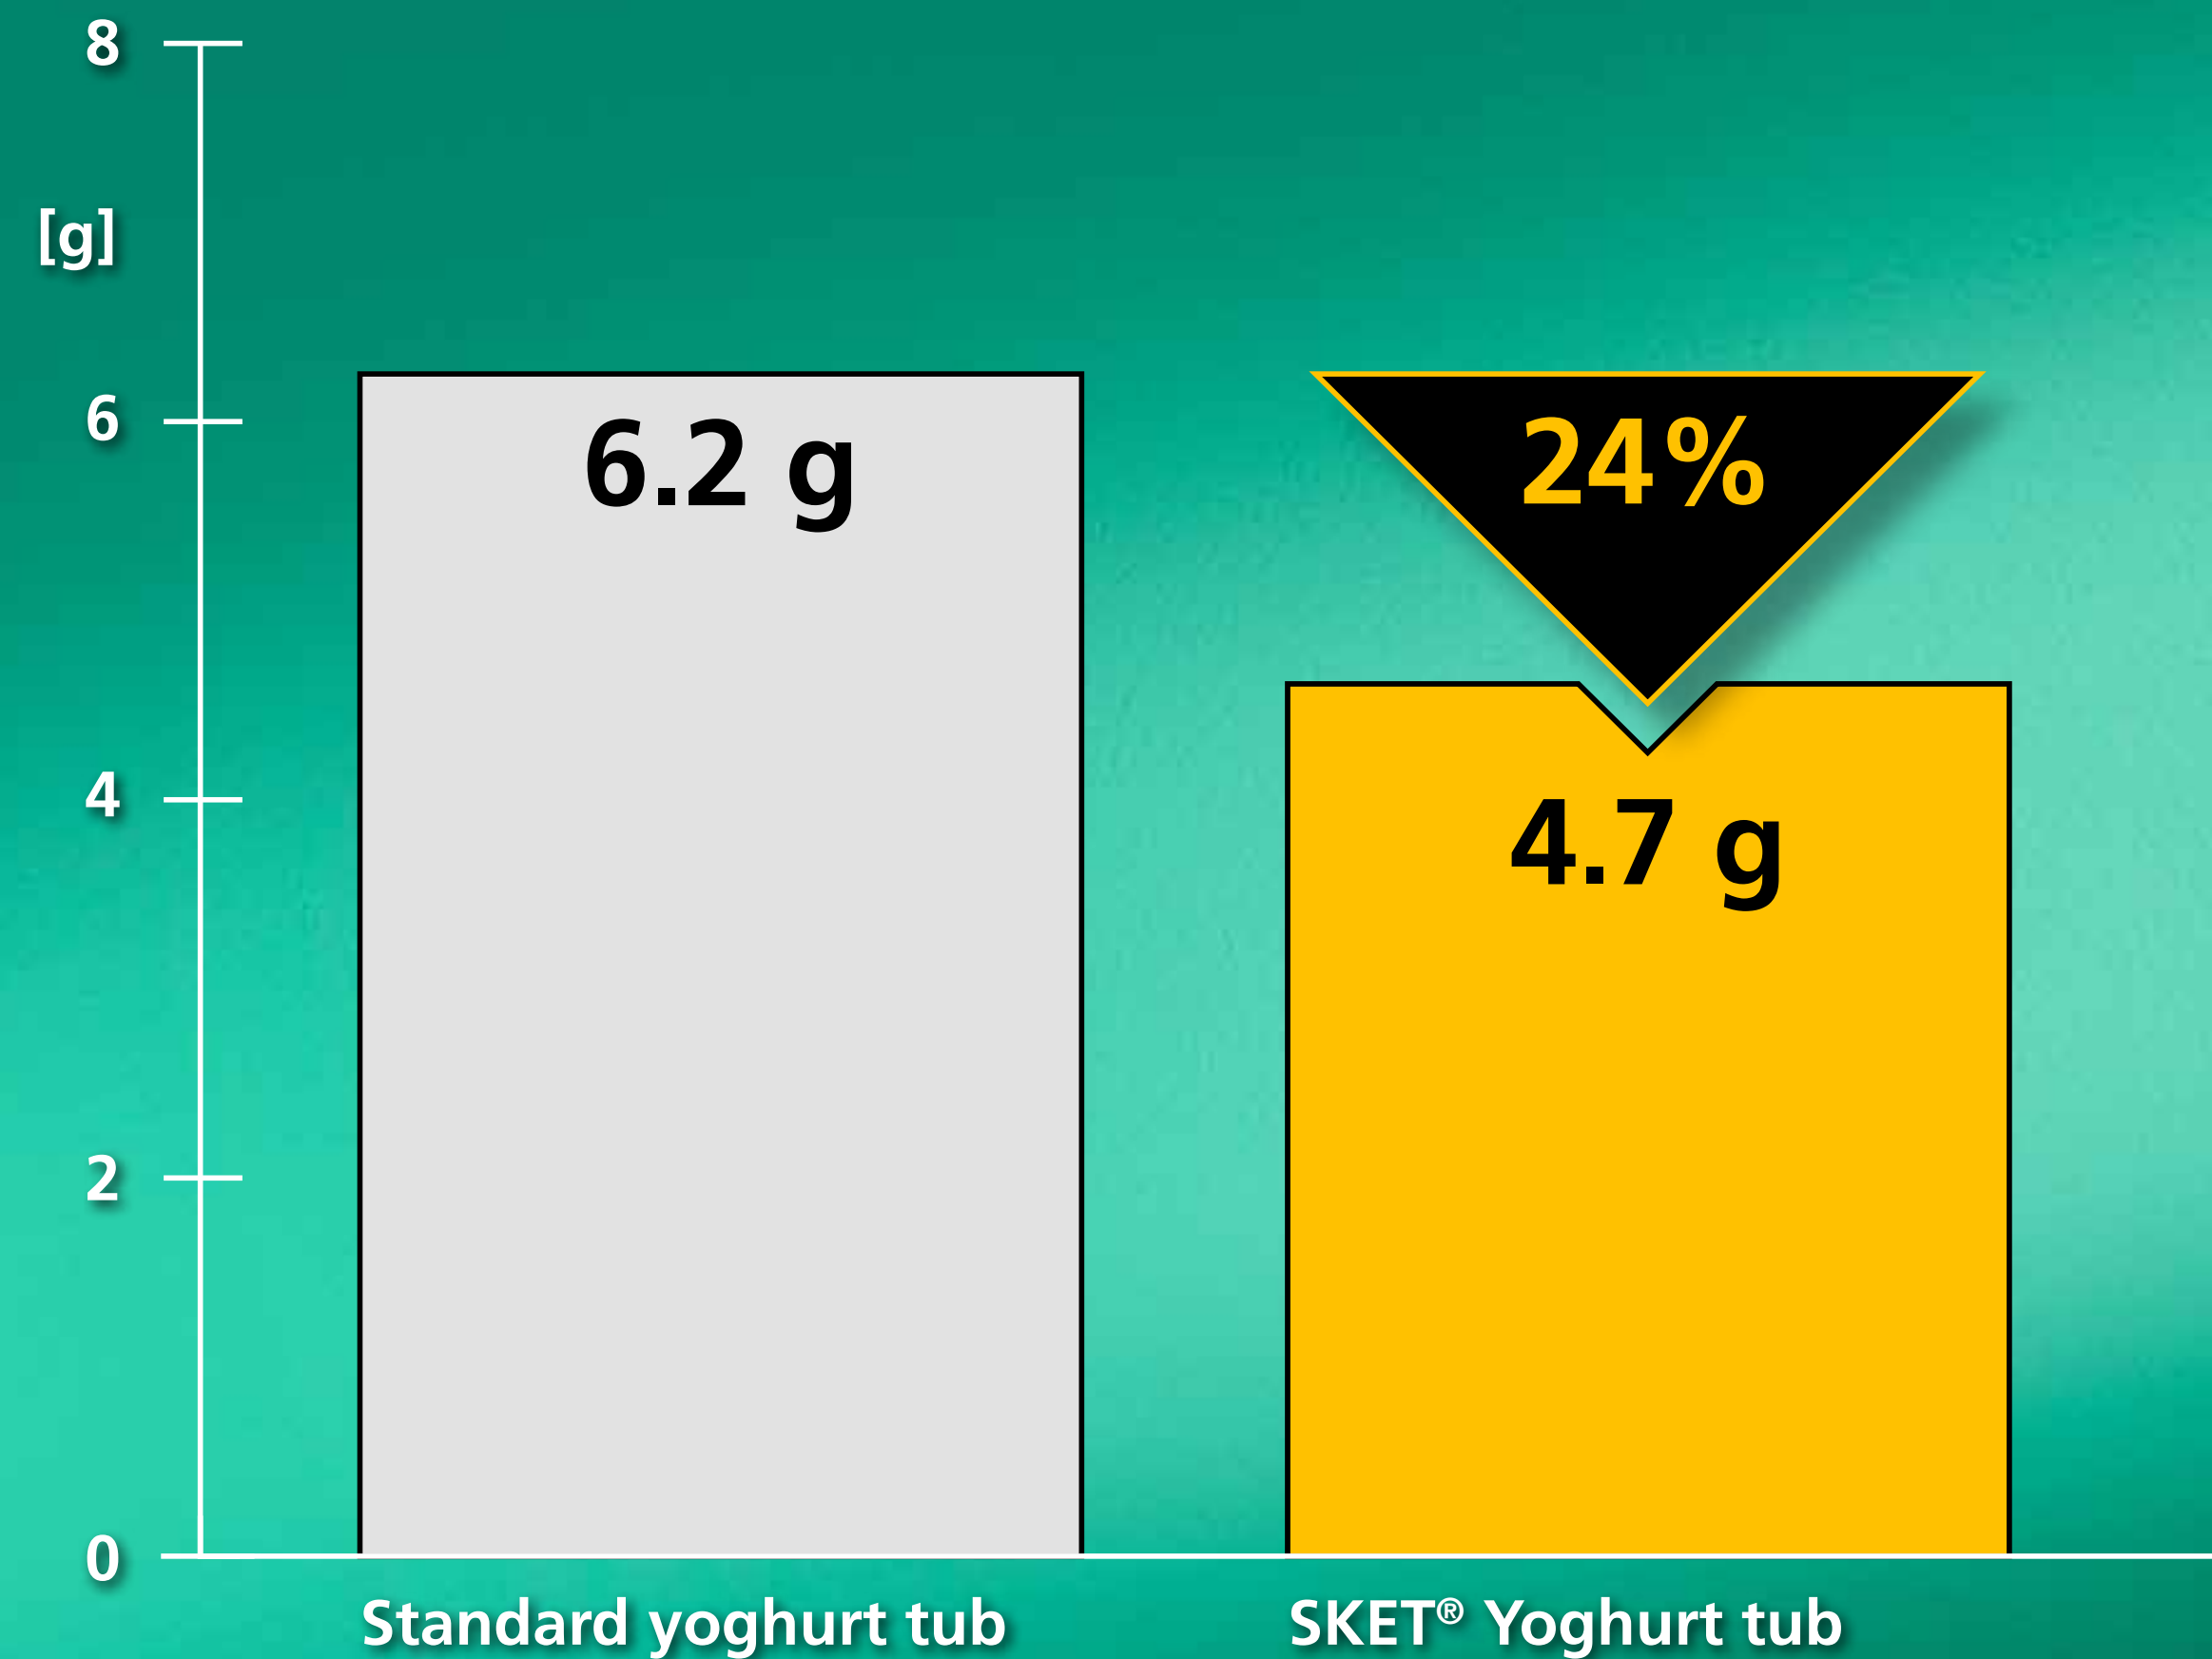

## Innovative design

- Combination of thin walls with 0.7 mm sealing edge
- Wall thickness only 0.19 mm
- Fast, even filling by means of flow aids

# Hybrid ALLROUNDER 520 H

Enhanced production efficiency

**Material savings –  
with innovative design**

- Increasing product stability and simplified recycling by means of cardboard label
- Increased advertising surfaces – peel-off label design

# Hybrid ALLROUNDER 520 H

Special "Packaging" (P) version

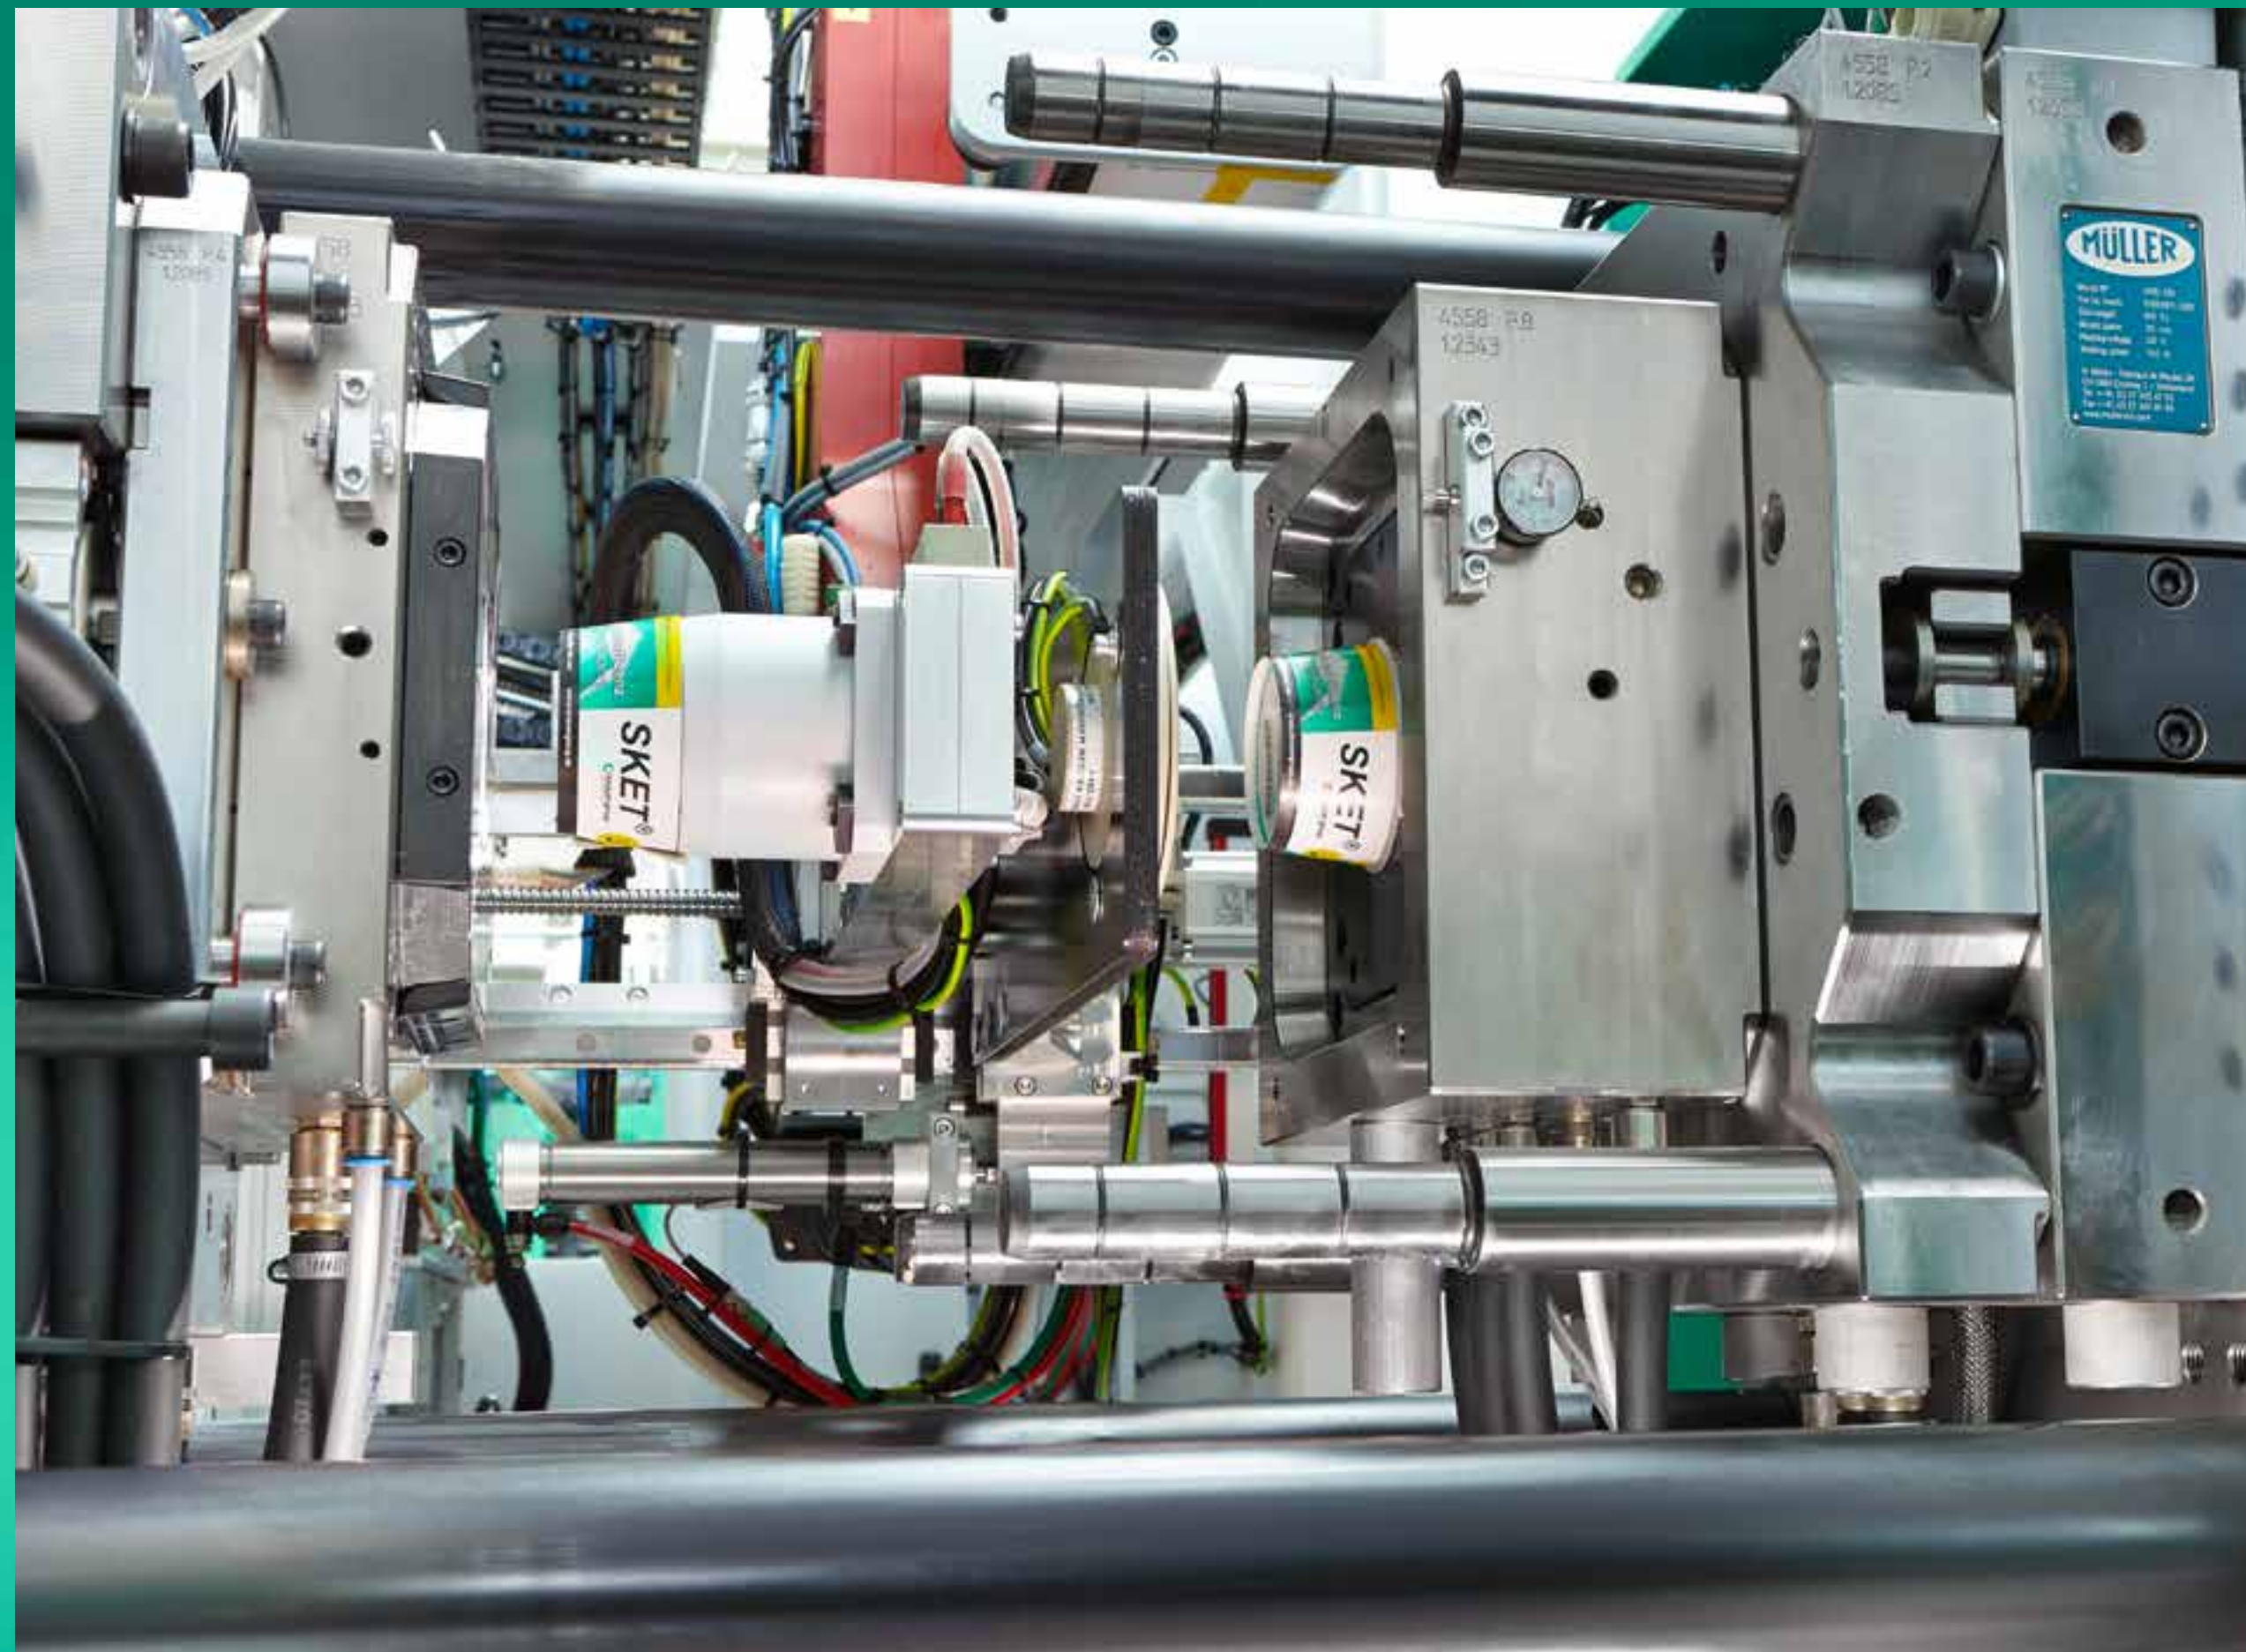

**Variety of technical details for thin-walled items**

- Extremely short filling times of only 0.12 s
- Position-regulated screw for maximum reproducibility
- FEM-optimised mounting platens

# Hybrid ALLROUNDER 520 H

Complete solutions for maximum performance

Precisely adapted  
high-end technology

- Servo-electric toggle-type clamping unit
- Thin-wall mould with multifunctional and modular structure
- Flexible IML automation with 180° rotating arm
