YOUR DIGITAL SERVICE MARKETPLACE

// Become more efficient! By individual digitalisation of business processes and services.

This is exactly where arburgXworld comes into play. Enjoy safe access to all important information about your ALLROUNDERS and start service enquiries quickly – whether it's from your workplace or from a mobile device. Order spare parts directly online – whenever and wherever you want. This is an additional service offered by ARBURG, which we will continue to expand. It's the next milestone on your "Road to Digitalisation". Get on board now and move into the fast lane! //

ARBURG

1 PLATFORM FOR ALL APPS

MachineCenter

The app that brings transparency to your production and reduces your organisational effort:

- Quickly get an overview of all your ALLROUNDERS
- Stay informed about open service tickets
- Access production-relevant documents such as spare parts catalogues centrally
- Save yourself the effort of creating and maintaining your own lists or systems

ServiceCenter

The app for time-saving communication with ARBURG and also within your company:

- Start tickets around the clock – including from mobile devices directly on site
- Save yourself waiting times on the hotline – ARBURG will get in touch with you
- Reduce queries, e.g. by attaching individually marked photos
- Get information about the current communication history and the processing status at any time
- Make use of automatic documentation of the service history, e.g. for self-help

Shop

The app that offers you everything you need for your spare parts purchases:

- Place orders 24/7
- Interactive navigation and search options
- Easy-to-understand 3D previews
- Direct access to prices and availability
- Order history and repeat orders
- Recommendations for additional products

arburgXworld at a glance

arburgXworld combines our digital services, which we will successively develop and expand. Enter a world that offers you completely new possibilities and perspectives:

- Up-to-date information – made easy
- Efficient communication – extremely fast
- Documented service history – fully automatic
- Ordering spare parts – easily done
- Access anytime, anywhere – fully secure
- Using services – on an individual basis
- Flexible expansion – open for business
