

# 720 E 2800 – 1300 GE

## Electronics

- 720 E 2800 – 1300 GOLDEN ELECTRIC
  - Part            Cover
  - Cavities      1
  - Cycle time    45s
  - Material      Toyolac MABS 920-555
  - Shot weight            123g
  - Removal and set down on conveyor belt with ML-V 30
  - Simple EOAT realised with Gimatic elements

# 720 E 2800 – 1300 GE

## Highlights

- New GODLEN Electric
  - More performance per m<sup>2</sup>
- Decorative surfaces
  - IMD – technology
  - Individualisation via downstream lasering
    - Realisation of different designs / languages / ....
  - Lasering the IMD decorative layers
  - Laser cell is located outside the production cell
