

420 C 1000 – 290 GE

Leisure

- 420 CG 1000 – 290 ASH
 - Part Espresso cup
 - Cavities 4
 - Cycle time 60s
 - Material PP, Gravi-Tech GT5200-5016 X2 black FD
 - Shot- / part weight 190g / 47,5g
 - Removal and set down on conveyor belt with ML-S 8

420 C 1000 – 290 GE

Highlight

- Sustainable production
 - Energy optimised GOLDEN EDITION with ASH
 - Up to 50% energy savings
 - New energy display over SELOGICA direct
- Lower PCF of the part
 - Production with energy optimised machine
 - lower CO₂ footprint of PP

420 C 1000 – 290 GE

Highlight

- „High quality material“
 - Highly filled PP with density of 2,0g/cm² (cf. PP standard density 0,91 g/cm³)
 - Material approved for food contact

- 420 CG 1000 – 290 ASH
 - Partner
 - Material Avient Corporation, D
 - Mold Hochschule Darmstadt, D
