

# 320 C 500 – 170 GE

## Leisure

- 320 C 500 – 170 GE
  - Part Pen holder
  - Cavities 1
  - Cycle time 30s
  - Material PP filled with 20% eggshells,  
NPW SHE 210
  - Shot weight 44g
  - Removal and set down on conveyor belt with ML-S 6

# 320 C 500 – 170 GE

## „Become productive faster“

- 4.Start-Stop
  - Facilitate the start-up of demanding processes
  - Reduce start-up parts
  - Increase production capacity
  - Ensure controlled shutdown

# 320 C 500 – 170 GE

## „Become productive faster“

- 4.Set-up
  - Guided set-up
  - Simplification of parameter input
  - Set-up time optimization
  - Protection of the system and the mould
