

170 S 180 – 30

Leisure

- 170 S 180 – 30
 - Part „Spork“
 - Cavities 1
 - Cycle time 15s
 - Material Natural fibre materials with 30% sun flower seed shells, GC green 3082 MIF T13
 - Shot- / part weight 5g / 3g

toolcraft AG

170 S 180 – 30

Highlights

- Sustainability
 - Reliable processing of biodegradable plastic
- Innovative mold design
 - Topology optimised mold
 - Additive manufactured mold base
 - Recourses saving – flow of force in the mould defines the design
