

# 270 S compact 350 – 100

## Mobility

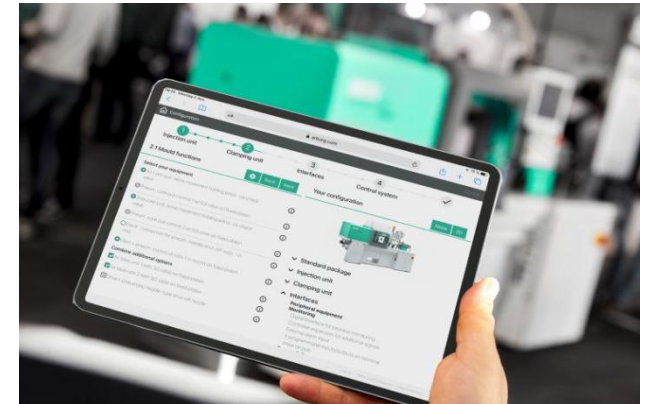

- 270 S compact 350 – 100
  - Part Spacer
  - Cavities 1
  - Cycle time 50s
  - Material PIR PA 66/6, LUVOTECH eco PA66/6 GF50
  - Shot / part weight 20g

# 270 S compact 350 – 100

## Highlight

- Compact machine
- Energy efficient drive technology
  - ASH
- arburgXworld
  - Online configurable over aXw

# 270 S compact 350 – 100

## Highlight

- arburg**GREEN**world
  - High performance compound consist of PA66 and PA6 with 50% glas fibers
  - Produced from 100% PIR recyclables
  - Reduction of the material CO<sub>2</sub> footprint
  - Lightweight for highly stressed
- Recyclat package
  - Modified cylinder module for constant processes

# 270 S compact 350 – 100

- 270 S compact 350 – 100
